ENGLISH PEXESO PRAVIDLA

- Počet hráčů: 2 a více.
- Počet karet: 64 (32 obrázkových dvojic)
- Kartičky zamíchejte a rozložte lícem dolů, aby obrázky nebyly viditelné do libovolného obrazce.
- Dohodněte se, v jakém pořadí budete hrát.
- Začínající hráč otočí dvě libovolné kartičky lícem nahoru tak, aby obrázky z nich jasně viděli všichni spoluhráči. Když se mu podaří najít dvojici obrázků patřících k sobě, ponechá si obě dvě kartičky a pokračuje ve hře. Když ne, obě kartičky vrátí na původní místa lícem dolů. Ve hře pak pokračuje další hráč.
- Hra končí, když na hrací ploše nezůstane žádná kartička. Každý hráč si spočítá nalezené dvojice kartiček. Za každou dvojici získává jeden bod.
- Vítězem je ten, kdo získal nejvíce bodů.
